FOUNDATION

CELEBRATING EXCELLENCE

CSF Scholars Class of 2022

You Did It!

Congratulations

At The Catholic Schools Foundation (CSF), it is our mission to expand access to high-quality education for all who desire it. It is our responsibility to open the door, but it is yours to decide what you'll do with your education. You have embraced the journey and made the most of your opportunity along the way and we could not be more honored to play a small part.

All of us at CSF wish you the best in your newest adventure and hope to continue supporting you along the way. Your relationship with CSF does not end at graduation; we provide expansive alumni programming for all who are interested.

Check out the next two pages for two of these programs aimed toward getting you on the path towards career development and network building and please do not hesitate in reaching out to us with any questions.

From all of us at CSF, best of luck and congratulations on this incredible accomplishment!

A message from our freinds at PwC

First and foremost, I want to extend a big congratulations to the CSF Scholars that will be graduating high school in June—we are all very proud of your accomplishments and this milestone!

For 30 years, PwC, the PwC Foundation and our people have been committed to the mission of the Catholic Schools Foundation (CSF) and have been honored to partner with CSF through STEM education and financial literacy courses in CSF-supported schools, volunteer engagements, committee service, financial support and more.

It was five years ago this spring that we hosted the very first Celebration of Excellence breakfast. The event was designed to celebrate CSF senior scholars and provide an opportunity for CSF supporters to meet and network with this special group of students. It was a smashing success.

Unfortunately, the pandemic forced us to cancel in recent years. However, for the second year, CSF has created this Celebration of Excellence Yearbook in lieu of the in-person event. Its aim is to continue to engage and reiterate the importance of staying connected beyond graduation while sharing select words of encouragement from CSF supporters. Although we were not able to host the annual Celebration of Excellence Breakfast this year, PwC remains a steadfast supporter of all of CSF's scholars and we want to wish you the best of luck in your journey beyond high school.

As you move towards your next adventure, CSF is dedicated to providing networking opportunities through its Alumni Programming and Career Advisory Network. PwC is honored to be a part of this network and I hope you will keep in touch using CSF's networking opportunities as you find your path through college and into the workforce.

My advice to you all as you graduate, follow your passion, be curious and engage with others along the way.

On behalf of all of us at PwC, best of luck and congratulations on your incredible accomplishment!

Sincerely,
David Foss

CSF Alumni Inner Circle

Join the Catholic Schools Foundation's Alumni Inner Circle!

The Catholic Schools Foundation's (CSF) Alumni Inner Circle is a group that is solely for alumni of the Catholic Schools Foundation scholarship program. This group offers alumni an exclusive opportunity to stay in contact with other CSF alumni as they grow in their lives and careers, as well as an opportunity to network with donors, board members, and industry leaders.

HOW DO I JOIN THE ALUMNI INNER CIRCLE?

Visit us at csfboston.org/csf-schools/scholar-alumni

You can also find both programs as well as our social media pages here!

CSF Career Advisory Network

The Career Advisory Network (CAN) is a program that connects CSF Scholar alumni with industry leaders, influencers and other business professionals in the Boston area. CAN Mentors will serve as advisors and assist with career development.

Assistance includes:

- Career information, insight and advice
- Resume review
- Networking opportunities and personal referrals
- Job-seeking

This program is a great opportunity to educate and support CSF scholar alumni about to embark on their careers.

"My departure from ACHS is bitter-sweet. I am excited to be attending UMASS Lowell in the engineering program, but sad to leave the home here at AC. As the middle child of seven, we were taught to work hard and study hard. This is how I managed to receive scholarships to the four colleges I applied to. ACHS is an amazing school with the rigorous curriculum I wanted and the help I needed. I enjoyed the sports and the drama productions. Mostly though, the relationships with the faculty and fellow students which will forever be in my heart. The pandemic was challenging for me and I missed some school. The Administration, my Guidance counselor and teachers went above and beyond to help me and my family cope. My parents and I will be forever grateful to the CFS for aiding us in fulfilling my dreams. Thank you. God Bless you."

- Michael Donovan '22

"From being a tiger at Pope John XXIII to being a cougar at Arlington Catholic, it wasn't easy to express myself and feel comfortable around students when transitioning into a new environment. However this year, in-class of 2022 at Arlington Catholic High School I have felt a sense of belonging and togetherness with my classmates. And I would like to thank them for giving me the chance to open up myself and show them who I truly am as a person. I want to give appreciation to Mrs. Dever for supporting and motivating me throughout my time at Arlington Catholic. Thank you for making my life so much brighter with your encouragement and our daily chats in the achievement center. I also want to thank Mr. Balliro and Ms. Dunn for tolerating my laziness and complaints that I had about my days and listening to me when I was at my lowest point. It has been an honor and privilege to meet you. However, even though my chapter is ending at Arlington Catholic, I will always cherish the memories and advice that I have experienced during my time at Arlington Catholic. Go Cougars!" - Sabrina Nguyen '22

"I'll remember the connections I made with everyone."

- Kelly Nguyen '22

"I have loved my four years here at Arlington Catholic. The Catholic values that have been instilled here will remain with me throughout my life. The lessons I have learned, whether in the classroom or on the field ,have taught me how to think critically, be compassionate , and give my all. I look forward to taking these lessons into my studies next year at St. Anselm College where I will study Criminal Justice. Thank you to the CSF for your support during the last four years!" - Andrew Sullo '22

I sincerely want to congratulate all of you for reaching this milestone in your education. I can understand the sacrifices you and your family have had to make to get to this point. Now is the time to seize the opportunity you have earned. You have overcome obstacles those before you and hopefully those after you have not and will not have to endure. BUT, overcoming adversity makes you stronger, and you will realize how strong you have become as you move on and accomplish the things you want to accomplish. This is only the beginning.
